RE: For purposes of settlement only.

Message:

For over two years I have attempted to settle this case with extremely generous offers of settlement. And despite warnings that your failure to accept the offer of settlement meant judgment for the entire amount owed is interest you either ignored the offers or sent insulting counter offers and haven't made a payment since November 2011.

I made it clear that the offers of settlement January 16 and 23 were my last. You failed to accept them.

At this point I am not willing to settle and will be seeking the entire amount owed plus interest. As before I encourage you to start making payments to reduce the principal.

Sincerely,

Rebecca Fort
